

Mrs Hall Faced Inquisitive Reporters for a Full Hour

(Associated Press)
NEW BRUNSWICK, N. J.—“What comment could I make? Of course, that was not so, and that is all.”

With those words Mrs. Frances Hall opened today her first interview—an interview planned by her counsel so that she might seek to extricate herself in the public eye from the circumstantial net in which the unfolding of the Hall-Mills murder mystery had enmeshed her.

For the first time since she was widowed by the slaying of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor Reinhardt Mills, Mrs. Hall emerged from the seclusion that she has maintained for seven weeks, meeting a small army of newspaper men in her home and subjecting herself to an hour's bombardment of questions.

At the end she reiterated what she said as she had entered the room, wan but composed. She has shed no light on the mystery. She had fallen into none of the traps the cross examiners prepared for her. Hers was a negative story. It amplified but did not materially alter the statements previously made in her behalf by counsel and friends.

Briefly, it was that Dr. Hall had started out to his doom saying that he was going on an errand of mercy—to discuss with Mrs. Mills a hospital bill which he was pay-

ing with church funds; that he was slain by a person and for a motive at which she had not the slightest conjecture; and that her memory of him is unsullied by the ugly scandal in which his name has been involved.

“Have you any comment to make Mrs. Hall,” the spokesman began, “on that part of Mrs. Gibson's story (Mrs. Jane Gibson, the so-called eye witness of the slaying) in which she says you were present on the Phillips farm on the night of September 14?”

Moistening her lips, Mrs. Hall replied: “What comment could I make? Of course, it is not so, and that is all.”

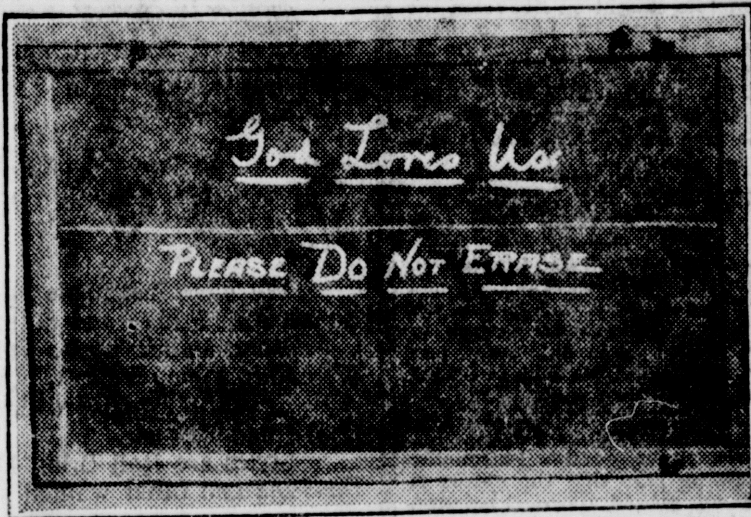

“You were not there?”

“I certainly was not.”

For an hour, then, one reporter after another volleyed questions at her, taking her over the story of her actions before and after the murder; quizzing her sharply for any possible knowledge she might have had of the rector's affair with Mrs. Mills; seeking some point at which an entering wedge could be driven into her story.

Three or four times she took refuge behind the reply “I cannot remember.” Three questions she refused to answer point blank. But throughout the interview she maintained that she always had believed and still believed, in the faithfulness of her husband to his marriage vows.

Rev. Hall's Last Message

This message “God Loves Us” written on a church blackboard in Rev. Hall's own handwriting, was the last message the New Brunswick pastor left to his Sunday school class before he and Mrs. Eleanor Mills, a choir singer, were found murdered. The blackboard still hangs in the church. Singularly, he had added to his message the warning: “Do Not Erase.”

HASSELL ADVISED IN McNAMARA CASE

Receiving Many Letters, Some in Commendation and Some in Condemnation

(Associated Press)
AUSTIN, Texas, Nov. 1.—Numerous communications were received today by the State railroad commission and J. W. Hassell, chief supervisor, oil and gas division of the commission regarding the action of Mr. Hassell in dismissing Mike McNamara, deputy supervisor of the department. The communications expressed both favorable and unfavorable comments. Hassell said, and included a petition signed by more than 100 persons protesting the action.

Hassell today prepared a letter to be sent to McNamara explaining in detail the reasons for his dismissal. The letter was not made public here but it is probable the railroad commission will give out the detailed report tomorrow, it was said tonight.

McNamara was one of the principal witnesses in the Mayfield trial at Corsicana and according to Hassell's communication yesterday was dismissed because of neglect of duty, unsatisfactory service and because his testimony at Corsicana charged a member of the railroad commission with “falsehood or perjury.”

WANT LOVE CITED COURT CONTEMPT

Richard Mays Directs Attention of Judge Blackmon to Remarks in Derogation

GROESBECK, Nov. 1.—The temporary injunction restricting Secretary of State Staples from certifying and county election officials from placing Earle B. Mayfield's name as senatorial candidate on the official ballots was set aside by Judge A. M. Blackmon of the Seventy-seventh district court. The injunction was granted by him last Saturday at Fairfield.

The order of dismissal followed action of the Fifth court of civil appeals at Dallas yesterday when the injunction was ordered set aside until final disposition of the motion for rehearing in the Corsicana case.

In vacating his injunction Judge Blackmon said he dissented from the appellate court's order, that he thought the court had no jurisdiction here as the case has never been filed in that court.

After the temporary injunction was set aside Richard Mays of Corsicana, one of the plaintiffs in the case, filed with the court a motion that Thomas B. Love, democratic National committee man from Texas, be cited to appear and show cause why he should not be adjudged in contempt of court.

The motion is based on allegations that Love at the rally at Dallas October 28 urged county election officials to place Mayfield's name on the ballots, declaring that the Corsicana injunction is invalid. It was accompanied by affidavits by persons claiming to have heard Love's remarks.

Judge Blackmon took the motion under advisement. He refused to grant the motion when it was filed last Monday on grounds that it was based on hearsay.

ONE KILLED IN WEBB CITY STORM

Seventy-Five Homeless Are Being Cared for in Temporary Shelters

(Associated Press)
WEBB CITY, Mo., Nov. 1.—Work of rehabilitation in the area leveled by a tornado shortly after midnight this morning had progressed far tonight under the direction of the local Red Cross chapter and local welfare organizations.

Tonight the death toll stood at one. All of the approximately 75 persons who were made homeless by the terrific storm were under dry roofs, had been provided with warm clothing and food and were enabled to recount their experiences by the warmth of stoves which had been temporarily installed in houses in which the unfortunates were sheltered.

Mrs. Nancy Frad, 53 years old, was carried from her home bodily by the storm and she was picked up dead two hours later 200 feet from her wrecked home.

Mrs. Emma Lott is internally injured and her death is expected. She was found in the wreckage of her home with her small adopted daughter, Dorothy Gibson. They were taken to a local hospital. Dorothy is suffering from a broken arm.

Twelve others sustained injuries ranging from cuts and bruises to serious hurts. A number of others whose identity was not learned by relief workers, were suffering from stock and losses injuries.

Relief workers placed the damage resulting from the storm at between \$75,000 and \$100,000.

REPUBLICANS CRITICAL OF ATTORNEY GENERAL

(Associated Press)
DALLAS, Texas, Nov. 1.—The republican State executive committee meeting here today adopted a resolution declaring among other things that: “It is noteworthy that the attorney general, who resorted to the disavowal of the law upon an issue purely technical and launched a new holding, at variance with the unchallenged practice in this State for several years, in order to discover a pretext to exclude the name of George Peddy from the ballot; has been busy for several days seeking to discover other new technicalities by which he may override the finding of the jury and the judgment of the court in the Corsicana case and succeed in placing Mayfield's name on the ballot without restriction to the prohibition of the laws and without regard to violations which are hardly disputed.”

The resolution further declared that Peddy's name does not appear on the ballot “because the party (democratic) bosses became frightened and arbitrarily ruled that it should not appear.”

Among those present at the meeting were Dr. E. P. Wilmot of Austin, first choice as republican candidate to oppose Earle B. Mayfield for the senate, and R. B. Creager, State chairman.

WASHINGTON HEN IS REAL CHAMPION

Laid as Many Eggs as There Are Days in the Calendar for a Year

By laying 324 eggs in 365 days, “Columbia Belle,” prize leghorn, broke all world's records and won the egg-laying contest held by the California Farm Bureau.

TACOMA, Wash., Nov. 1.—Two world's records for egg-laying have just been broken in the third annual contest concluded by the Western Washington experiment station of the Washington State college, it is announced here by W. A. Linklater, superintendent of the station.

The contest resulted in a White Leghorn pullet owned by H. M. Leathers of Woodland, Wash., laying 365 eggs, with a day to go before the year expired.

A Leghorn pullet owned by the experiment station also beat the world's record of 324 eggs set last year by a California hen, by laying 330 eggs.

HENRY TONEY DEAD IN AN OIL WELL FIRE

(Associated Press)
ELECTRA, Texas, Nov. 1.—Henry Toney is dead and O. W. C. Smith is in a serious condition as a result of burns received when an oil well where they were working caught fire. Smith dropped in the wet grass near the well and succeeded in smothering the flames enveloping him.

It is thought that the fire was started by an electric wire. It was finally subdued after it had burned the rig.

PADRICK GETS A SENTENCE OF LIFE

Slayer of Wife's Mother Was Well Satisfied That He Was Not Condemned to Hang

(Associated Press)
STATESBORO, Ga., Nov. 1.—Elliott Padrick, young former Methodist preacher, was found guilty of first degree murder in connection with the killing of his mother-in-law, Mrs. Mamie Lou Dixon, last June, the jury returning a verdict tonight with a recommendation for mercy. The verdict automatically carries a sentence of life imprisonment.

The jury's verdict was reached after consideration of the case that lasted since 9 o'clock this morning.

Padrick made every effort to impress the jury that he is insane. “Satisfaction with the verdict and sentence was expressed by Padrick as he was led from the court room by Sheriff Joe Tillmann, to begin his term of life imprisonment.

“I will not appeal,” he said, “I am well satisfied with the verdict.”

Padrick was placed on trial Monday for the confessed slaying of his mother-in-law who was found dead in an automobile on the road between Clinton and Doyler late in the afternoon of last June 19. His wife was also in the machine, suffering from wounds from which she died within a short time.

Padrick was arrested a few hours after the crime was discovered. He was taken to the Richmond county jail at Augusta because of a fear of violence. There he stated that he had been directed “by the hand of God” in committing the crime.

THE BROWNS WERE GIVEN TWENTY THOUSAND BONUS

(Associated Press)
ST. LOUIS, Nov. 1.—A lump bonus of \$20,000 was distributed to members of the St. Louis Browns shortly before the end of the season by Philip DeCatsky, president of the club, as a reward for the team's best performance in 20 years. It was learned tonight.

It was said that the money was divided among the players on the basis of each player's performance during the 1922 season. Shocker, pitcher, and others were said to have received \$1,000, while some of the recruits were given \$200.

MARSHALL MAN SELLS 353 BALES COTTON FOR \$40,700

MARSHALL, Texas, Nov. 1.—Frank Resch, well known farmer and cotton man of this city, sold 353 bales of last season's 1921 cotton to King Brown & Co. of Shreveport.

The cotton was sold for 22c a pound, bringing a total of \$40,700.

LLOYD GEORGE IS AT HOME WITH A WORRISOME COLD

Is Not Able to Proceed With His Campaign for a Return to Power in Britain

BONAR LAW RESENTS ATTACK ON MINISTERS

Bases His Campaign Upon Assertion That Lloyd George Is Generally Rejected

(Associated Press)
LONDON, Nov. 1.—There were no developments today in the quarrel between Mr. Lloyd George and Sir George Younger and political circles were agog to learn the upshot of the strange situation. Curiosity is increased by the fact that Mr. Lloyd George alone of all the party leaders has not yet issued any election address.

In the meantime he is confined to his house with a cold. This prevents him from delivering two of his speeches. His condition was improved tonight and he appears confident that he will be able to speak in London Saturday.

If Mr. Lloyd George still intends to carry out his threat to run his own candidates against the conservatives, he must hasten his decision because no additional candidates can be nominated after Saturday. Despite persistent denial there is little doubt that underground negotiations are afoot but nothing has been allowed to leak out as to their nature or success.

Premier Bonar Law is credited with becoming resentful over the personal attacks on his ministerial colleagues and with intending to hit back vigorously, basing his position on the ground that Mr. Lloyd George has been more or less rejected by all parties and is banking on personal popularity.

In a letter addressed to the British legion of former service men the prime minister explains his attitude with regard to the pensions ministry, reiterating that nothing is contemplated against the interests of the pensioners. He explains that the ministry cannot be abolished except by legislation and that the new ministry of pensions will not be removed until the house of commons has had the fullest opportunity to discuss the pensions matter, at which time the views of former service men will receive every consideration.

Election oratory is again in full flood and is notable for bitter personalities, especially between the supporters of Lloyd George and those of Sir George Younger. Lord Birkenhead declared in a speech today that it is Younger's intention to leave Lloyd George marooned and helpless in the new parliament.

New candidates are being nominated daily and there are now nearly fourteen hundred nominations. A striking feature is the large number of professional men standing under the labor banner. These include several well known barristers and authors.

CUBAN LIBERALS HAVE HAD SWEEPING VICTORY

(Associated Press)
HAVANA, Cuba, Nov. 1.—Liberal party candidates swept the field in the partial elections held throughout the island today, according to incomplete returns received tonight by the central election board and the newspapers.

Apparently the liberals have elected their candidates for the governors of the six Cuban provinces and the majority of Havana.

Their representation in the lower house of congress was increased so largely that the administration majority may be annulled.

LABOR CANDIDATES DEFEATED IN LONDON

(Associated Press)
LONDON, Nov. 1.—The rout of labor was the feature of the municipal elections in a large number of boroughs throughout England yesterday (Wednesday). Up to an early hour this morning, the returns were incomplete, but it is significant that in ten of London's 28 boroughs the completed returns show that labor lost 149 seats.

CHARLES CRANFORD WAS KILLED BY TRAIN

THE ONE-EYED AUTOMOBILES.

There are several auto owners who persist in running their cars at night with only one light burning, knowing it to be dangerous to themselves and to others—both the drivers of cars and pedestrians.

Even though it is difficult to get convictions, the police might as well with some of them by taking them around and booking them for violation of the ordinance.

It is a matter of safety first.

RATHER A PUZZLE.

The secretary of state and the attorney general are now arrived at a point where they are not giving advice as to whether the name of Mayfield is or is not to go on the ballot. Both of them are under citation for contempt for having given premature advice; and they are chary of further offense.

In the meantime there is no time to waste and the ballots are being printed; with and without, according to the views of the county officials charged with the duty.

The net result is going to be a further mess in a most important matter—the election of a representative of the State of Texas in the United States senate; and lowering of the estimate in which elections should be held as being the vehicle for the expression of the popular will.

THE CASE OF MIKE McNAMARA.

Had Mike McNamara been discharged because while representing the State in oil matters he had been politically active in behalf of Mayfield, one of the railroad commissioners, there would have been a hubbub in certain quarters.

But McNamara was not "arrogant" or "neglectful of duty" while engaged in furthering the activities of the railroad commissioner. At least he was not so charged by Hassell, chief of the division.

When, however, McNamara appeared in court as a witness to protect himself he became persons non grata right away and got canned; arrogance and neglect of duty being two of the several charges in the indictment against him.

The Barton Bedtime Stories

Copyright 1922 by Associated Newspapers

Of course it was easy for Cheewee the Chickadee to find his way home to Dr. Muskrat's Pond the morning he woke up at Chips Beaver's. He knew every branch of every tree. And of course Dr. Muskrat was fast asleep. Cheewee had been so tired from his night flying that the nosey old sun couldn't poke him out of the duck's hole until way after daybreak. And that's the good doctor's bedtime. So of course Cheewee had to wake the old furry-foot up to hear the tale of his wanderings. He just couldn't wait to tell it.

He told it wrong side first, as he mostly does things, beginning with Chips Beaver and his new beaver bridge.

"Ah," smiled the old doctor to himself. "Now we'll find the secret. Chips never would tell. It always comes out. Where did they come from?"

"From the Tricky Little Stream," answered Cheewee, positively. "I know they did. That's where Chips asked the way to go and that's where I saw her waiting for him." He didn't get it quite straight, but that's as straight as his flying, so what more could you expect of him?

The wise muskrat just knew he was wrong. "She was out in the dangerous Deep Woods? All alone? Without any house to hide in?" For all these weeks! It's a wonder Chips ever found her.

He was thinking about the foxes. But Cheewee wasn't. "Not at all," he explained. "She was perfectly easy to find. He couldn't have missed her. It's all on account of the moon. The moon—she'll keep bringing you together even if you deliberately go in opposite directions. Why Chips followed her and I followed my shadow, tail to tail, and still we couldn't keep apart."

He went on till the old doctor shook so hard with laughing inside of his skin that he had to hold his hairs all fluffed out stiff to keep

from hurting Cheewee's feelings. You'd better believe he knows all there is to know about the moon's little tricks. "She can't fool him when he turns around at midnight."

"You can see how terribly dangerous that would be," shivered the wee bird. "I didn't mind meeting Chips. But what if I kept on meeting an owl like that, time after time? Eh? Oh, I'm done with night flying!"

"Very sensible indeed," replied the doctor, pulling down his long upper lip to hide a smile. He had to hide one more than once while Cheewee chattered on about his experiences.

BRIDGE INSURANCE ADJUSTERS STILL AT WORK

The arbitration board that met Monday to adjust the amount of insurance due on the bridge for damage sustained by the Paris-Hugo Bridge Company at Arthur City is still in session. They went to the river and took measurements and made an inventory of the remains of the bridge. Each member of the board will make his estimate and if they can't agree they will submit to the umpire for his decision.

County Engineer W. M. Fooshee represents the Paris-Hugo Bridge Company; W. C. Woodlief, of Dallas, represents the insurance company, and R. J. Windrow, ex-state

highway commissioner is the umpire. They will probably get it wound up the latter part of the week.

NEGRO FINED \$500 FOR WHISTLY BURNING SHED

The trial of Arthur McEwin, negro, charged with wilful burning of a hay shed belonging to J. L. Ray, ex-county commissioner, near Birdstown, was resumed yesterday morning and consumed a good portion of the day.

It went to the jury about 3 o'clock in the afternoon and after being out a short while a verdict was returned finding the defendant guilty and assessing a fine of \$500 with the costs.

On account of a great many of the witnesses being absent the court was unable to try any of the other cases after the McEwin case went to the jury. They were reset and the judge served notice that witnesses who fail to be on hand when the cases are called the next time will be fined.

Kill the Demon RUST!

We sometimes think that rust does as much damage to the farmer's implements as the weevil does to his cotton! It's nothing short of a crime to leave valuable farm tools, cultivators, plows, wagons, gas engines, etc., out in the open during the winter, where rain and sun beat down with wreck and ruin.

Build sheds and barns that will protect these tools. Paint them with good paint ever so often. Investments you can't afford to overlook.

Mrs. Dick Wood and Miss Flora Connor are giving the second of a series of bridge parties this afternoon at 2:30 at their home on Pine Bluff street.

American Legion Dance.

Big American Legion dance, Thursday night, November 2. All Legionnaires, ex-service men, their wives, best girls and friends are invited to be on hand.

The music will start promptly at 8:30. At the W. O. W. hall.

Invitation to Blue Bonnet Lodge.

All those interested in the Girl Scout movement in Paris are invited to Blue Bonnet Lodge today between the hours of 3 and 8:30 o'clock. The council and troop leaders will be at home to their friends at this time.

Delightful Bridge Affair.

A delightful bridge party of ten tables was given yesterday afternoon by Mrs. Dick Wood and Miss Flora Connor, out-of-town guests being Miss Lillian Pierce of Cooper and Miss Roberts of Oklahoma City.

The supper was attractively decorated in lavender and white, and the dining room and living room in yellow.

For refreshment a delectable salad course with tea, and sandwiches, charlotte russe and cake were served.

The high score prize, a pretty panel mirror was won by Mrs. Hugh Hathaway, the second, a sandwich board and knife, by Mrs. Scott Means, and the consolation, a tally slate, went to Mrs. Wilbur Patsy.

Hand-painted wrist-watch ribbons were the table prizes.

Wedding Anniversary.

Mrs. W. A. Bills gave her daughter and son-in-law, Mr. and Mrs. J. K. Shirley, a delightful surprise party Monday night in honor of their tenth anniversary. The crowd all met at Mrs. Bills' home and then went to the Shirleys and found them in a social game of bridge, and when Mr. Shirley answered the doorbell they were surprised to see such a crowd on their porch.

Five tables were set for bridge after the guests arrived. Mrs. Hutchison made high score and received a handpainted bowl. Mr. Yeargan received a nickel-plated coat hanger and Mrs. Herschel Dunagan carried off the consolation, a funny rubber face—a new novelty.

In cutting the beautiful wedding cake which was white with yellow chrysanthemums on it, the needle fell to Mr. Burke, thimble to Mr. Hathaway, dime to Mr. Yeargan and button to Mrs. Hutchison. This was served with other cake and delicious cream.

Mr. and Mrs. Shirley received several pieces of aluminum and flowers.

COULD HARDLY STAND AT TIMES

Hips, Back and Legs would Have That Tired Ache

Everett, Washington. "For several years I have had trouble with my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound advertised and having heard several

praises I decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing." — Mrs. J. M. Stibbert, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

I. & G. N. CONSOLIDATION RUMOR STILL BELIEVED

Notwithstanding that a recent dispatch denied the rumor that the Frisco and the International and Great Northern railroads were to consolidate and that the Frisco would operate trains from Paris to Mineola, a local railroad man who has been in the service a long time and is well posted, expressed the belief yesterday that the rumor had a solid basis.

The fact that it was denied he considered a strong indication that it is true. It looked to him very much like there is something in it. He said that Mr. Hamilton, who has been put at the head of the International and Great Northern, has been "ace high" with the Frisco, and in his mind there is no doubt that there is to be a very close relation between the two roads.

LAMAR BALLOTS PRINTED WITHOUT SENATE CANDIDATE

The ballots for Lamar county have been printed and are now being distributed to the election officials, County Judge Hutchison being of the opinion that there could be no further delay.

The News was in error in stating that the election board, Judge Hutchison decided the matter to be entirely a legal one and giving the instruction to the printer to proceed.

In the meantime, some counties are printing the ballots with the senatorial space blank, some with Mayfield's name and some are printing two sets of ballots, to be used according to the way the injunctions sit on the day of election.

MARAUDERS VISIT SEVERAL HOMES

Firewood, Chickens and Water Are Stolen from a Number of Premises

Residents on North Eighteenth street have been for several nights past the victims of the most extensive marauding operations by night prowlers that have ever been carried on in Paris. Not less than a dozen places have been visited and all manner of pilfering has been committed, including the taking of water.

Prof. J. A. Pulks, who lives at the old Sel Carpenter home, lost a lot of his chickens and some firewood. While George Hull was at his ranch in Sterling county and his wife was down town after supper somebody drove a wagon in the yard and attached a hose to the hydrant and filled a tank with water. The hose was left attached to the hydrant and tracks showed where a wagon had been driven out of the yard.

Mrs. Hull lost so many chickens that she decided to sell all of them but six, and on the same night that she disposed of them three of the six she retained were stolen.

Mitch Downing had been losing chickens and found where they were committed, including the taking of water. They stole his white leghorns and Rhode Island reds.

Max Barton lost six fryers. Mrs. Elbert Barbee was awakened by a noise and found the gate open, the cow and a part of the woodpile hauled away.

POPULAR MUSICIAN WILL RETURN TO PARIS

Sam Reed, one of the most popular musicians who ever made this city his home, recently moved to Dallas with the intention of making his home there. While here he was the director of the Paris band and of the orchestra at the Grand theatre. There was great regret among his associates when he left, but they have been much pleased within the last day or two by receiving word from him that he expects to return to Paris. He will receive a warm welcome back.

MISSION BURGLARIZED NEAR THE HANDLE FACTORY

The First Presbyterian church has for some time been conducting a mission Sunday school in a little building near the handle factory. Two or three nights ago the watchman at the handle factory noticed a light in the building that remained lighted about an hour. He informed Max Barton, superintendent of the mission, the next day and upon investigation it was found that a screen had been cut at the rear of the building and a window raised. The supposition is that the burglar thought that the money contributions were kept in the church.

Church News

For Benefit of Church.
There will be a basket supper at Pleasant Valley Baptist church four miles southeast of Paris Friday night for the benefit of the church.

Pastor Resigned
Rev. W. R. Davis of Detroit, who has been serving as pastor of the Pleasant Valley Baptist church four miles southwest of Paris the past ten years, has resigned and has moved to Whitney, Hill county, where he has accepted the pastorate of the church for his full time. The Pleasant Valley church will elect another pastor right away.

Reception for Returned Pastor
On last Friday night the members of the Bonham Street Senior League gave an informal reception at the home of Miss Irene Garrett on West Bonham street, honoring Rev. T. L. Huffstutler, the pastor, and his wife.

The reception hall, living room and dining room were beautifully lighted and added much to the tasteful decorations of ferns and autumn flowers, together with a touch here and there of Halloween designs and colors. The officers of the league and the hostess stood in receiving line and welcomed the large number of guests.

No time or effort had been spared in planning the program.

for the evening and it was well carried out, including some spirited games and contests.

During the evening the honored guests were presented with an immense candy cane made especially for the occasion. The League extended to the pastor and his family a hearty welcome upon their return to Bonham street church for another year, and pledged their co-operation, both as individuals and as an organization in the carrying out of the coming year's work.

In a few well chosen words Mr. Huffstutler responded, saying that when he was returned to the Bonham street church he came with new ideas and with a full determination to make the new conference year the best in the church's history, but he did not know that the League would present to him a "club" to help matters out.

During the past year some splendid work has been done regardless of the many things which have occurred to hinder and Rev. Mr. Huffstutler is to be congratulated on the progress made in each organization of the church, financially as well as spiritually. He has never tired of his work, never allowed discouragements to overcome him, and the entire membership of the church will lend their support and influence in accomplishing great things during this, the new conference year.

A Stream of Human Misery Two Hundred and Fifty Miles

(Associated Press)
SALONIKI, Nov. 1.—The 250-mile stream of humanity, cattle and vehicles continues its weary trek westward into the desolate plains of Macedonia. Some of the refugees have walked barefooted over the rugged, stony roads for nineteen days. Their prepared food supplies have given out and they are subsisting upon raw cabbage and cracked corn.

The mothers and children are suffering untold misery. One hears the old cry, "Come into Macedonia and help us." But there is no help except that from devoted groups of Americans identified with the American relief.

Hundreds of exiles drop by the roadside, too weak to keep up with the human caravan of misery. They are joined by horses, mules and dogs, whose carcasses impart a grim aspect to the great moving drama of sorrow.

Torrential rains are adding greatly to the suffering. There is no fuel, no drinking water and no shelter. The refugees are covered with vermin.

There is no soap and no disinfectants with which sanitary measures can be taken.

Some of the women are about to become mothers and children are born by the roadside without medical attention. The death rate among the children is distressingly high.

Many of the refugees are survivors of the great fire in Smyrna and are clad only in night gowns. Others are refugees for the fourth time and are grimly called "professional refugees," the wars of the last twelve years having driven them from country to country.

Along the railroad line are countless fugitives. The Greek government has suspended regular passenger traffic in order to expedite the movement and all available box cars are loaded to capacity with the evicted populations of a thousand towns and villages.

Old men, women and feeble children soon succumb to the rigors of hunger and exposure and their bodies remain for days in these cars with the living.

Every railway station is crowded with groups of famished, distracted outcasts and all their worldly possessions, waiting for transportation.

At Kavala there is a great deluge of suffering among the 25,000 refugees who have been housed in

STEAMSHIP GUIDED BY MECHANICAL DEVICE

(Associated Press)
NEW YORK, Nov. 1.—A mechanical device supplanted the hand of the quartermaster of the Munson Line Munargo on her last voyage from eastern Cuban Ports to New York, Captain Andrew Asburn of the Munargo declared today. The vessel, which docked here yesterday, was the first American passenger ship to make an ocean voyage without a helmsman, company officials said.

The device, Captain Asburn said, was worked on the gyroscope principle and has been invented by Elmer A. Sperry, inventor of the gyroscope.

STANLEY BALDWIN WILL SETTLE DEBT TO U. S.

(Associated Press)
LONDON, Nov. 1.—The new chancellor of the exchequer, Stanley Baldwin, declared tonight that his first duty will be to settle the debt to the United States.

He made this announcement in a speech at Cardiff when he alluded also to the necessity of a prompt settlement of the reparations problem.

Regarding the amount owing the United States, he said: "It is a heavy debt, but we have told America that we are responsible for it to the last penny and we are going to pay it."

ALL GREEKS LEAVING THRACE TO THE TURKS

(Associated Press)
SALONIKI, Nov. 1.—When the Turks enter Eastern Thrace they will find an orderly country, but one which is virtually unoccupied as the great bulk of the Greek military and civil population has left. Those remaining are mostly Turkish or Jewish.

General Nider, the Greek commander in chief, declares that the last Greek will be out of the province by November 15.

DEATHS

A. A. LeSeur, Jr.

There was an error made in the announcement of the death of A. A. LeSeur in the Morning News of yesterday. It was A. A. LeSeur, Jr., brother of Mrs. T. M. Cox, instead of her father, A. A. LeSeur, Sr. The burial will take place at St. Louis and Mrs. Cox left yesterday to attend the funeral and burial.

Funeral At Garrett's Bluff

The funeral of R. M. Overstreet, who died at his home at Garrett's Bluff Tuesday afternoon, was conducted by Rev. Mr. Huffstutler, pastor of the Bonham Street Methodist church, of which he was a member. He was buried by the side of his wife at the Garrett's Bluff cemetery.

Besides a daughter he is survived by the following brothers and sisters: J. W. Overstreet, of Caddo, Okla., E. H. Overstreet of Hollister, Cal., Mrs. Clarence Sperry, of Paris, Mrs. Gaines Bell, of Kenefic, Okla., and Mrs. Joe Bell of Caddo.

Mrs. Elizabeth Cobb

Mrs. Elizabeth Cobb, aged 75, died at her home in Durant, Okla., last night and will be buried Friday morning at 10 o'clock at Ladonia. Her daughter, Mrs. C. H. Hall of Paris, was notified at a late hour last night.

Mrs. Cobb leaves a number of relatives and scores of friends in Fannin county.

You can't fool the youngsters. They can always tell the difference between Kellogg's and the imitations!

Kellogg's Corn Flakes
snap up fussy appetites something wonderful!

No coaxing needed to tempt family folks and visitor folks to eat a plenty—not when there's a big pitcher of milk or cream and lots of Kellogg's Corn Flakes—and, maybe some handy fresh fruit—ready to tickle fickle palates!

Kellogg's are unlike any corn flakes you ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten! And, Kellogg's are never leathery or tough or hard to eat!

Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S! The difference is astounding!

Do more than ask for Corn Flakes—say KELLOGG'S CORN FLAKES! The kind in the RED and GREEN package!

DOUBLED NUMBER OF FORD CARS

**Osburn Found That the Allot-
ment for This Territory Was
Not Sufficient**

J. E. Osburn of the Osburn Mo-
tor company has just returned
from Dallas, where he went in an
effort to secure a double allowance
of Ford cars to meet the constantly
growing demand for Ford cars
in this territory.

Mr. Osburn stated yesterday to
a Morning News reporter that his
mission to Dallas had been entire-
ly successful and that in future
his allowance of Fords would be
doubled.

By securing this concession the
Osburn Motor company can more
easily supply the heavy demands
that are being made for Ford
cars, and those who make their
advance orders can be more quick-
ly served. For the past few
months it has been impossible to
secure sufficient cars to anything
like meet the demand in this ter-
ritory, and as a consequence num-
bers of people have had to wait
sometimes several weeks before
deliveries could be made.

Mr. Osburn said yesterday that
it was quite a concession to this
territory to have the former allow-
ance doubled, and that he, him-
self and the public in general
would appreciate the fact. The
next shipment will be a double al-
lowance, and those who have in
orders will not have the tiresome
wait that has been the case heretofore.

FORTY WINNING PLAYS IN FOOTBALL

By MAJOR EARNEST GRAVES, U. S. Army, Retired
and JOHN J. McEWAN, Head Line Coach at West Point

PLAY NO. 21

HARVARD END RUN

Every team should have in its list of plays a good end run. With
the end run cannot be depended on to gain ground, but it is a valuable
of the waste effort toward the flank, it is an essential feature of all
running attacks. It is used to keep the defense honest, and to go to
position to kick.

The above diagram shows a standard end run. The Runner gets
away so quickly on this play that he can hardly be tackled on the
short side.

The Left Tackle leaves the line and goes around the end. The
Center after passing the ball, backs up and goes around the end.
The Left Guard leaves the line and gets into the end. The
Right Tackle also leaves the line and swings around to assist
the end on the opposing tackle. This is optional, but there is a fiercely
charging guard playing opposite the tackle, he may not be able to leave
the line.

The Right End blocks the opposing tackle.
The No. 4 Back crashes the opposing tackle.
The No. 1 Back takes the defensive end.

The No. 2 Back likewise takes the end. Usually it takes more than
one man to keep a good end out of a play. One man may get him
sometimes. In this play if the No. 1 Back has smothered the end the
No. 2 Back goes through to the defensive halfback.

The No. 3 Back receives the ball from the center and runs as in-
dicated. He should run parallel to the line for a few yards before turn-
ing up into the line.

This is a short end run aimed to go between the opposing tackle
and end. It may develop to the outside of the end on occasions.
There is a wealth of interference in this play. The linemen coming
out of the line must be fast for big men. If a team is not possessed
of speedy linemen plays calling for line interference should be avoided.
For the big slow man coming out of the line will interfere more with his
own backs than he will with the opponents.

KNICKERBOCKER TALKS TO LIONS

**New Pastor of First Methodist
Will Get Acquainted With
the Members**

The Lions meet today in regular
weekly session, and the program
committee has arranged a nice
program for the event. Rev. Percy
Knickerboker, the newly installed
pastor of the First Methodist
church, will be the speaker of the
day. He is said to be an eloquent
and learned speaker, and will
doubtless have a message to de-
liver that will be worth while.

It is probable that the famous
Lion quartet will render the mu-
sic for the luncheon. The quartet
has not been heard in some time,
and the Lions are anxious to hear
them once more. It is hoped that
they can be present, as their sing-
ing is always enjoyed.

Secretary Evans B. Wood wants
to let the members know that he
can be reached by telephone at his
home until 9:30 in the morning,
so all that cannot be present please
phone him and save unnecessary
trouble. He is doing this as a
convenience to the members and it
is but fair that they should take
advantage of his offer.

And another thing, all Lions that
can possibly do so, come today.
An hour can be pleasantly passed
and your presence will help add
to the interest of the occasion.
The program will be enjoyable,
and it is the earnest desire of the
president that all who can be pre-
sent. The same time and same
place as usual.

BRITTON BEATEN BY YOUNGER MAN

**Mikey Walker of New Jersey Is
New Welter Champ After
Gruelling Fight**

(Associated Press)
NEW YORK, Nov. 1.—Age and
its wisdom fell before youth and
its crushing determination when
Jack Britton, near the 40 mark,
and the oldest man to hold a
world's boxing championship title,
surrendered to Mikey Walker of
Elizabeth, N. J., after 15 rounds of
gruelling boxing in Madison Square
Garden tonight.

After twenty years in the ring,
Britton, the sagacious and crafty
master of defense, twice the holder
of the title that toppled tonight,
was a poor match for the aggres-
sive Jerseyman, who displayed
more than ordinary knowledge of
the science of fistcrafts. Walker
won all the way.

Throughout the latter half of the
battle Britton was on the verge of
a knockout. It was not his iron-
sides and steel jaw that averted
that fate, but his stock of gray
matter which, no matter how hard
the punishment, was able to func-
tion. At one time Britton's eyes
were glassy; but by a strategic re-
treat he managed to hold off his
man until his brain cleared.

There was something odd about
the fight that was not satisfactorily
explained to the crowd that filled
the historic arena. When the con-
testants entered the ring it was an-
nounced on behalf of the New
York boxing commission and Pro-
moter Tex Rickard that "all bets
were off." This afternoon wagers
were laid at 6 to 5 on Britton; but
when the preliminaries began to-
night the long end had been trans-
ferred to Walker. He was made
favorite at 8 to 5.

Despite this unusual incident,
the crowd seemed to believe in the
contest. They howled as they
watched the 21-year-old fighter
pummel Britton; they held their
breath when they saw the coronet
slipping off the aged head of the
weakening champion, and they ap-
plauded as each of the closing
rounds of the bout ended with
Britton, though reeling, still on the
safe side of a knockout. At the
last round began there was shouts
of hopes that Britton could sur-
vive.

They were unnecessary, for
Walker, weakened from his efforts
and short of some power by Brit-
ton's earlier blows, was without
the sleep-producing punch.

Britton knew he was whipped
and without awaiting the decision
he congratulated Walker, adding:
"I wish you luck, boy."

Walker replied that the cham-
pion was the gamest man he has
tackled.
Britton went to his knees near-
ly half a dozen times, first in the
second round. After a demoraliz-
ing third, he appeared strong in the
fourth and fifth and then grew ap-
preciably weaker. He made des-
perate efforts for a knockout in
the ninth, again was almost help-
less in the tenth and in the
eleventh made a flash that startled
the ring side. But after the spurt
he had nothing left but his game-
ness and he showed quantities of
this until the end.

Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on
the new Goodyear Cross-Rib Tread Cord.

Instead of listing it at a high price, to enable the dealer to attract you
with a so-called "long discount," we list it as low as we profitably can.
You can see from the figures below that its advertised price is lower
than the net price you are asked to pay for many "long discount"
tires of unknown value.

We believe the average man would rather buy tires on this frank and
open basis, and assure himself a product of recognized worth.
The new Goodyear Cross-Rib Tread Cord is made of high-grade
long-staple cotton, and it embodies the patented Goodyear method
of group-ply construction.

In design, materials and manufacture it is a representative Goodyear
product, built to safeguard the world-wide Goodyear reputation.
It has a different tread from the famous All-Weather Tread Cord—
a new tread with a deep, clean-cut, cog-like pattern—and it sells for
substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3 1/2 Clincher.....	\$12.50	32x4 Straight Side.....	\$24.50	33x4 1/2 Straight Side.....	\$32.15
30x3 3/4 Straight Side.....	13.50	33x4 Straight Side.....	25.25	34x4 1/2 Straight Side.....	32.95
32x3 1/2 Straight Side.....	19.25	34x4 Straight Side.....	25.90	33x5 Straight Side.....	39.10
31x4 Straight Side.....	22.20	32x4 1/2 Straight Side.....	31.45	35x5 Straight Side.....	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

WHEAT OUTLOOK IS POOREST IN YEARS

Ten Per Cent of the Acreage
May Be Abandoned if the
Drouth Continues

CHICAGO, Nov. 1.—Assertions that the winter wheat acreage of 1922 would show a reduction of 10 per cent compared with last year had much to do with bringing about more active dealings and decidedly higher prices in the wheat market today.

Closing quotations were unsettled at net gains of 1½ to 2½ with December 1.16½ to 1.16½ and May 1.14½ to 1.14½. Corn finished 1½ to 2 cents up, oats at ½ to ¾ cent advance, and provisions varying from 5 cents decline to a rise of 2 cents.

Loss of 10 percent in winter wheat territory would mean 4,500,000 acres, and according to the experts responsible for the estimate the outlook for the winter crop is the poorest for some years both as regards acreage and condition. Previous to announcement of this information, the wheat market has been exhibiting a downward price tendency largely as a result of rains which were expected to help wheat already planted, although too late to remedy much loss of acreage.

Corn and oats developed independent firmness owing to estimates that the total available supplies of corn for the season would be 408,000,000 bushels less than was the case last year.

Provisions were easier in the with lower lard prices at Liverpool and with liberal hog receipts here.

COTTON GOODS QUIETER WIDE PRINTS EASING

NEW YORK, Nov. 1.—Cotton goods markets in unfinished lines were quieter today with a slight easing reported on wide print cloths. Finished lines were firm with prices of many on a par with the level reached by unfinished lines. Yarns were quiet. Burials continued steady and quiet. Carpets and rugs were advanced 10 per cent. Wool goods held steady with more business in spring lines. Silks were firm.

HEAVY RECEIPTS BUT NOT MUCH QUALITY

(Associated Press)
FORT WORTH, Nov. 1.—The belated arrival of stock trains delayed the market in all divisions Wednesday. When all were in receipts were estimated at 3000 head of cattle, 2000 calves, 1600 hogs and 2500 sheep, but seasonable receipts were very moderate, more than 80 car loads of stock being back at 10 o'clock. Sales of cattle on the early rounds were about steady to those who were looking for early supplies.

BULLISH SITUATION IN COTTONSEED OIL

(Associated Press)
NEW YORK, Nov. 1.—Cottonseed oil showed hesitation at the start, but later responded to the bullish situation in crude, higher cotton and grains and buying for outside long account. The active months closed 4 to 17 points net higher. Sales 20,800 barrels. Prime crude 7.50 sales; prime summer yellow spot 8.60 bid; December 8.79; March 9.10; May 9.27, all bid.

NO IMPROVEMENT IN THE DEMAND FOR SUGAR

(Associated Press)
NEW YORK, Nov. 1.—The raw sugar market was quiet again today and prices were unchanged at 3 3/4 cents, cost and freight, equal to 5.53 for centrifugal. Sales were 3,000 bags.

Raw sugar futures were quieter and prices lower. The opening was 4 to 6 points lower under liquidation. Closing December 3.62; March 3.12; May 3.31; July 3.44.

There was no improvement in the demand for refined sugar and prices were unchanged at 6.90 and 7.00 for granulated. Refined futures nominal.

COFFEE IRREGULAR ON THE REALIZING

NEW YORK, Nov. 1.—The market for coffee futures opened unchanged to 3 points lower under some scattering liquidation or realizing. Near months were steady on continued covering by trade or speculative shorts, however, with

December selling up from 9.70 to 9.72 right after the call. The market closed 1 point higher to 6 points lower. Sales 27,000 bags. December 9.82; January 9.66; March 9.54; May 9.34; July 9.05; September 8.70. Spot coffee was steady; Rio 7s 10 3-4; Santos 4s 15 1-8 and 15 1-4.

HALF A DOLLAR ADDED TO THE PRICE OF PIGS

(Associated Press)
FORT WORTH, Nov. 1.—Hogs cleared on a basis that was strong to 5 cents higher, the top being \$8, which packers paid. Most of the run cleared at 7.75 to 7.90. Pigs sold at an advance of 50 cents the top being 7.50.

GIVEN BIRTHDAY DINNER BY HIS GRANDDAUGHTER

Bob S. Cope, an old ex-Confederate soldier and citizen of Red River county, has been making a short stay in Paris with his granddaughter, Mrs. Eugene Williams, on his way from Soper, Okla., to Blossom, where he has been making his home with a daughter, Mrs. A. F. Denison. Yesterday was his seventy-fifth birthday anniversary, and his granddaughter, Mrs. Williams, gave him a nice birthday dinner in honor of it.

REV. B. M. BRIDGES GIVES FACTS IN HIS CASE

It is doubtful if there has ever been a medicine endorsed by so many ministers of the Gospel as has Tanlac. Indeed, there is scarcely a faith, creed or denomination in all the land in which one or more of the clergymen have not publicly expressed their indebtedness to the Premier Preparation for the benefits that they have derived from its use.

One of the latest to speak out in this connection is Rev. B. M. Bridges, a widely known and beloved Baptist preacher, residing at Mooresboro, N. C., whose statement follows:

"Tanlac has given me a good appetite, toned up my system and renewed my strength in such a gratifying way that I am glad to recommend it to anyone who is in a rundown condition. For ten years I have had such a severe case of indigestion that I could not find anything to eat that agreed with me. Finally I became nervous and could get but very little sleep or rest."

"It seems that I took nearly everything trying to get myself right, but nothing helped me until I ran across Tanlac. My nerves are so much better now that my sleep is sound and refreshing. I enjoy my meals and have also gained weight. I can say from experience that Tanlac is a splendid medicine and tonic, for it has built me up wonderfully."

Tanlac is sold by all good druggists.

HOBOSaved his life

"I was considered by a number of physicians to be in the last stages of diabetes, and was told that my time was very short. I am still putting in sixteen hours a day and have never taken anything else except Hobo. It has never failed to relieve me."

"Don't be afraid to take Hobo. Take double the amount prescribed. I have taken as much as a whole bottle within 24 hours with the very best results."

So writes A. F. Box, of 211 N. Fifth Street, San Antonio, Texas. What this wonderful remedy did for him it may do for you if you have such trouble.

PLAY TO BE GIVEN AT ROXTON SCHOOL

Funds Realized Are to Go to the Activities of the Students

ROXTON, Nov. 1.—One of the best plays ever produced in Roxton will be given at the high school auditorium Friday, Nov. 3, at 8 p. m. By the title of the play, "Better Than Gold," we know that it must be something great. Note the cast of characters and see if it doesn't hold a still greater interest: THE CARPENTERS:

Howard, Sr., wealthy gold miner—Fred Thomas.

Elizabeth, his wife—Helen Bludworth.

Howard, his philanthropic son—Ernest Crafton.

Robert Woolsey, his step-son—Ray Landers.

Klink, butler—William McAmis.

Grins, Howard's valet—Earl Burket.

THE KINGSLEY:

Andrew, wealthy gold miner—David Shaeffer.

Marguerite, his designing wife—Beulah Fletcher.

Alice, their daughter—Aline Richey.

McClucky, butler—William McAmis.

Prince Bavari, "Of the Hapsburgs"—Mr. Gay Hudson.

Miss Robinson, Howard's secretary—Bernice Holcombe.

Nell Toome, mountaingirl—Lena Mae Hawkes.

Aunt Laura, mammy—Opal Horton.

Bill Singleton, mountaineer—Frank McFarlane.

ALSO:

Miss Bassett, head nurse—Marie Parnell.

Dr. Speight—Elmer Ellis.

Dr. Bayben—Dr. A. Jones.

Nurse—Mary Richey.

Time—two hours.

This play is a story in four acts.

We find two wealthy families in which a son of one family loves a daughter of the other. Many complications arise and the heroine becomes engaged to Prince Bavari; however, she loves Howard. Which one does she marry? Come see the play and solve the great problem—"What is better than gold?"

There will be specialties between acts. Admission only 25c and 35c.

The funds will go to the student activity fee.

Rev. Alpha Shelton and wife and Miss Beatrice Gammill went to Greenville today to attend a Sunday school convention. They will return Wednesday.

Miss Lucile and Maurice Maness entertained a crowd of young folks at the home last night. Dancing, singing and games were sources of amusement. A wonderful seven o'clock dinner was served. Covers were laid for twelve. Although it was a Halloween entertainment, the guests did not wear the essentials of a Halloween appearance.

Another party of the occasion an entertainment given by little Misses Joyce and Josephine Lattimore. The guests were all masked and wore Halloween frocks. A royal good time was enjoyed by all despite the rainy and cool weather.

Hardy Hart of Commerce was a guest Sunday of Miss Ruth Bradshaw.

Several cars of wood are being unloaded this week. About most all of the farmers have their supply of wood and coal for the winter.

Yesterday's rain proved a great benefit to Roxton. It softened the ground and now farmers will be ready to bed their land as soon as it gets dry, although it was of little help in solving the water problem. We can say it settled the dust for a while.

On every street and corner last night spooks, dressed in both black and white, were out playing their Halloween pranks. From the rough appearance and misplacement of things down town, it seems that the rain failed to check the "mischief makers" and their usual Halloween stunts.

Herman, the little son of Mr. and Mrs. Powell Jones, happened to a painful accident yesterday while playing. He cut a place on his foot which required five stitches to close.

The Sunday school class of Mrs. K. Hunter Bywaters did not have their wienie roast last night on account of the bad weather. It has been postponed until a later date.

GOOD RAIN FELL IN DELTA COUNTY

Went Long Way Toward Solving the Problem of a Water Supply

COOPER, Texas, Nov. 1.—Cooper was visited by a slow rain Tuesday that lasted several hours. It went a long way in supplying the water for household use, the ground being as dry as it was absorbed the rain as fast as it fell. Thereby no stock water. Opinion was expressed by some farmers that there was not enough water to help the plowing any.

Great preparations are being made for the two big gatherings this week, one the Ku Klux Klan ceremonial and parade to be held Thursday night and the big Peddy rally to be held on the court house lawn Friday night.

Halloween was the quietest night in years at this place, the youngsters were held indoors by the rain and threatening weather and the few small boys that were out had to all get together in order to make a showing, but not enough of them to make a good band with the results that there were few signs moved. Early shoppers noticed that the Cooper Motor Company was running a job printing plant on one side of their building and a cafe on the other side. The spooks decided that A. I. Berman's 14 day special sale was over by removing the 48 ft. cloth sign in front of the store. City Marshal Colliard had spooks to return a large galvanized tank to its former resting place that had been hauled on to the square.

Miss Babe Anderson died at the home of C. B. Anderson Wednesday, November 1, at 9:30 a. m. She was nearly 63 years old and had made her home with C. B. Anderson for a number of years. The funeral will be conducted by Rev. W. A. Stuckey. Interment will be made at Oak Lawn cemetery Thursday afternoon at 2 o'clock.

The four good roads projects of Delta county that are being worked on at present, are experiencing difficulty in getting bridge timbers and gravel and the crews on the Cooper to Hopkins road terminating at Harper's crossing will commence slabbing Sulphur bottom at the bridge and extending 100 feet north after that slab is completed the crew will move to Doctor's Creek at which place there will be another 1000 feet slab put in this road being on the sandy part of Delta county. With the grading that is being done will be one of the best graded roads in the county. Two of the projects, one from Klondike to Yowell on the Hunt county line, a graded road is nearing completion, the other, a graded road from Charleston to Vaseo including a bunch of slab work will be open for travel within the next few days.

The gravel road from Winsetts corner, about 7 miles west of this place to Pecan Gap and 3 miles to the Fannin county line is complete except 1 1/4 miles of gravel.

R. A. Thompson, the contractor, has made good time, the weather has been in his favor and when the four contracts are completed Delta will be connected with Hunt in 3 places. Fannin in one place, Hopkins in one place and Lamar with good roads. The cost has been high but old Maud looks better, cars last longer, business is better and the pleasure of riding over the roads is immense.

Fire Chief Parkhill had a call from Enloe Wednesday morning for the big motor engine and firemen, but on account of yesterday's rain it seemed that it would be impossible to make the trip with the machine over the graded road which is on black land most of the way.

Only a Cold

Are you ill? Is often answered—"Oh, it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and the remedy will help you to good record this year. The boys throw it off.

HALLOWE'EN PARTY WAS REAL SUCCESS

Current Literature Club of Blossom Entertained With a Spook Festival

BLOSSOM, Nov. 1.—The Current Literature club entertained with a Halloween party last night at the home of Mr. and Mrs. F. G. Johnson. The guests were met at the door by three spooks, who directed them to the register, where they were told to draw a cat and put their names on it. Miss Moore, who presided at the register, won the prize for the best drawing. From here they entered the dining room where some very funny Halloween games were played. There was a large black cat in the living room fireplace and a prize was given to the one throwing the most nuts in its mouth.

They were then directed upstairs to the attic where the witches' cave was found. This was very dark, the only light being the fire under the witches' pot. After having their fortunes told a delectable salad course with coffee was served.

LIVE STOCK SHOW AT HONEY GROVE

Great Improvement in Character of the Entries During the Past Year

HONEY GROVE, Texas, Nov. 1.—The Fannin County Pure Bred Live Stock and Poultry show opened here this morning, with a large number of entries. The judging of the various entries was started this morning, but will probably not be completed before tomorrow night, when the list of prize winners will be announced. Some of the finest stock in the whole country is being exhibited at the show.

This is the second live stock show held in Honey Grove, and decided improvement has been seen in the grade of stock raised in the county since the organization of the association, which has for its purpose the urging of raising more and better stock. The show is being held at the Gose yards, and all of the pens are full.

J. L. Warren spent today in Paris looking after business matters.

The rain which fell in this city yesterday and last night was highly appreciated and will be worth much to the community. The dust has been settled and a little season has been put in the ground. The weather has turned off fine for the rode and live stock show here this week.

TURKEYS! TURKEYS!

This year we expect to see a good market for Thanksgiving turkeys. In order to get them to the Eastern consumers it will be necessary to start them earlier than usual, as it takes practically twice as long to get a freight car to the Eastern markets now as it did under normal conditions; the strike is not settled by any means.

You should pick out your large birds, gobblers weighing 12 pounds and over; hens weighing 8 pounds and over, that are in good condition and bring them in for the Thanksgiving market not later than the 15th of November. However, it appears that with the large crop in view that the best prices will be paid between the 1st and the 10th of November, will probably lower prices starting about the 11th. WE ADVISE EARLY MOVEMENT OF YOUR LARGE TURKEYS. Hold the small ones for the Christmas market. Our dressing stations open October 28th, at all points.

Here we wish to call your attention to the advantage of selling your turkeys to our Company: Mr. Foster, our President, has been in the poultry industry in Southern Oklahoma and Northern Texas continuously for seven years.

Our houses are open the year round to receive your produce. We actually operate during some of the Summer months at a considerable cash loss, in other words if we would close our houses on the 1st day of June and open them on the 1st day of November we would have several thousand dollars more money than we would have to continue them during these dull months.

But we realize the farmers must have a market the year round and we believe it is his duty to patronize the industry that continues buying in his community during the entire twelve months of the year.

There are always a large number of small fly by night dealers who are ready to open up on the first day of November and stay during the rush season. Some of these are legitimate and they are fair dealers, but there are some who believe in "getting theirs" while the getting is good. Better be safe than sorry; patronize the house you know will treat you right. We buy turkeys, ducks, geese, guineas, hens, fryers, roosters, butter, and pecans.
